

NATURE'S BLACKEST BLACK

FOR DRAMATIC EFFECT

BLACK PEARL™

THE PINNACLE OF LUXURY FOR POOLS AND HARDSCAPES – FROM ICELAND

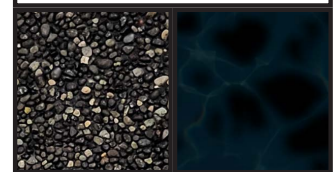

Sourced from the pristine landscapes of Iceland, Black Pearl™ is a premium natural basalt stone pebble that transforms high-end pools, landscapes, and hardscapes with its striking Jet Black and Black Onyx finish. Revered for its near-pure black color, this exclusive pebble enhances all shades of blue, creating a mesmerizing depth and elegance in pool surfaces.

Beyond its bold, deep hue, Black Pearl™ features delicate flecks of clear, gray, green, and red colors, adding an organic, sophisticated touch that reflects the beauty of nature. Whether used as a primary finish or as an accent to complement other materials, this Icelandic basalt elevates any design with a timeless, luxurious aesthetic.

Choose Black Pearl™ to achieve the perfect blend of natural beauty and modern refinement, making every pool and hardscape an architectural masterpiece.
