

BLACK PEARL™

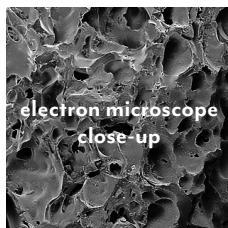

STONE CARPET / RAW MATERIAL

FROM ICELAND

Arctic Aggregates is a B2B supplier of premium raw materials for stone carpet and resin flooring manufacturers and large-scale installers across North America and Europe. We provide naturally-occurring Icelandic black basalt stone pebbles as the base aggregate in stone carpet formulations – delivering a naturally dark black, durable, fade-resistant, and stable material that enhances the longevity and performance of resin-bound stone flooring.

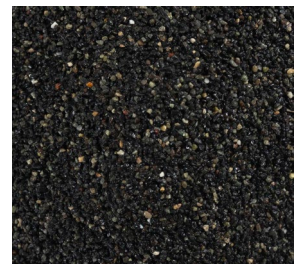

Use as stand-alone aggregate or blend with other colors to achieve unique color effects.

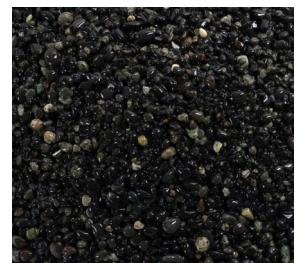

Naturally slip-resistant thanks to its volcanic textured surface.

- NO ARTIFICIAL COLOR OR DYES
- HAZE-FREE
- SUPERIOR BONDING
